

A Sunday Outing With two great choices

<< No. 1 ~ Binnaway Behind Steam OR No. 2 ~ Dunedoo Behind Vintage Diesel >>

Departing from Dubbo Railway Station Sunday 15th August 2010

Join 3801 Limited in partnership with the Lachlan Valley Railway of Cowra and the Westhaven Association of West Dubbo, for a great day out along the western rails.

We have a full day planned, filled with adventure and travel on our heritage restored trains. Our train will be departing at 8.30am from Dubbo Railway Station hauled by veteran Steam Locomotive 3237 and two of our vintage heritage diesels. The train will transverse the plains of the Central West to Merrygoen where it will split in two at the Junction. The heritage diesels will take one half of the train to Dunedoo while 3237 will take its the other half to Binnaway.

Each train is timetabled to arrive at their destination at about midday, so why not visit the local establishments for lunch - with time left to explore the town.

In the afternoon, both trains will meet up at Merrygoen to join up for the return trip to Dubbo with an expected arrival time of approximately 5.30pm in the afternoon.

Bring the whole family along for a great day out. Bookings are essential for seats and tickets and can be booked through the Westhaven Association of West Dubbo.
